LIVING OUR VALUES - ACCOUNTABILITY

Theme for WNGC 2017/2018 1st Year year

Living our values is a challenge that we all face. It is a call to integrity and honesty in all that we do. It is a commitment to the principles that guide our lives and the actions that we take.

In a world that is often filled with temptation and distraction, it is easy to lose sight of our values. It is easy to compromise and to give in to the pressures of the world.

But living our values is not just a personal matter. It is a matter of leadership and influence. It is a call to stand for what is right and to speak the truth.

As leaders, we have a responsibility to model the values that we preach. We have a duty to hold ourselves and others accountable to the principles that we profess.

Living our values is a journey, not a destination. It is a process of growth and transformation. It is a call to be better than we were and to live out our faith in a world that needs the love of God.

Let us continue to live out our values with integrity and honesty. Let us be a light in the darkness and a sign of the kingdom of God on earth.
